

**“MODERN PROBLEM OF  
PHARMACY”**  
**International Scientific Congress**  
*April 23-24, 2020 in Baku city*

The Association of Pharmacists of Azerbaijan will hold to the 90th anniversary of the Azerbaijan Medical University and International Congress on dedicated to the 80th anniversary of pharmaceutical education on the topic of “Modern problems of pharmacy”.

**To the congress participants!**

*Dear colleagues!*

We are honored to welcome you on the 90th anniversary of the Azerbaijani Medical University and the 80th anniversary of Azerbaijan Pharmacy Education on the theme of "Modern Problems of Pharmacy" held by the Association of Pharmacists Baku on April 23-24, 2020!

in

Oriental medicine of Azerbaijani has deep historical roots. Proudly should be noted that the first pharmaceutical education institution among the Turkish-speaking states of the former USSR, including Turkey and Islamic Republic of Iran, the Azerbaijan State Pharmaceutical Institute was established in 1939, in the Republic of Azerbaijan. In connection with the outbreak of World War II, it became a pharmaceutical faculty of the Azerbaijan State Medical Institute. In the last 80 years, our faculty was trained highly qualified pharmacists with our country. These staff work successfully in various fields of scientific and pedagogical, industrial and experimental pharmacy.

The aim of the international conference on "Modern Problems of Pharmacy" is to summarize the studies carried out in recent years and to plan future studies according to the gains.

It is known that the development of modern science is impossible without integration, without international cooperation. In this regard, we look forward to a great event with your participation in the sunny capital of Azerbaijan, Baku.

The congress is expected to discuss all the areas of pharmaceutical science, as well as research on the development of new medicines, problematic issues of interest in practical pharmacy.

We look forward to your participating in our congress that seeks to address our current problems by liaising with institutions implementing the state policy in the field of pharmacy, representatives of the private sector, researchers, teaching staff, students.

**Chairman of congress Prof. Tair Suleymanov**

### **Topics of congress and scientific directions.**

- *Standardization and quality control of medicines;*
- *Modern systems of quality, achievements and problems of international standards;*
- *Synthesis of new medicines;*
- *Certification of pharmaceutical industry products and production;*
- *Production of modern dosage forms;*
- *Modern technologies of chemical-pharmaceutical, biotechnology and immunobiology production;*
- *Nanobiotechnology and pharmaceutical biotechnology;*
- *Obtaining and researching biologically active substances from natural sources;*
- *Pharmacognostic analysis;*
- *Research of biological activity of natural and synthetic substances;*

- *Pharmaceutical toxicology, chemical-toxicological research of toxic compounds;*
- *Pharmacology and ethnopharmacology;*
- *Problems of pharmacotherapy;*
- *Clinical trials of drugs;*
- *Phytotherapy, aromatherapy and phytocosmetics;*
- *Homeopathy, naturopathy, food supplements;*
- *Pharmaceutical marketing, pharmaceutical advertising;*
- *Pharmaceutical management and human resource controls;*
- *Reforms in Pharmaceutical regulation;*
- *Modern approaches to the organization of pharmacovigilance system;*
- *History of pharmacy.*

## **Requirements for the design of materials.**

Working languages of the congress: Azerbaijani, Turkish, Russian, English  
Congress materials will be published in bulk form. Research results can be presented in articles and thesis.

Articles and thesis must be prepared as follows:

- Title of the article or thesis – in the middle of the page, bold, with capital letters;
- Author's surname, name, patronymic –in the middle of the page, bold, in italics;
- Author's workplace , city, country and email address - in the middle of the page, in italics;
- Key words;
- The volume of articles must be until 5 pages and the thesis must be until 2 pages; format - A4, font -Times New Roman, size of font 14 pt, 2 cm from both sides of page, interval-1,5, paragraph - 1,25 sm.
- Articles and thesis have to include keywords;
- Formulas – Microsoft Equation (CAMSOFT CHEM Draw);

Articles have to include sections such as "introduction", "materials and methods", "conclusions and discussion". English summary must be added at the end of the articles in Azerbaijani and Russian languages.

The opening of abbreviations in the text should be given first time.

Tables, black/white figures must be given in the text after the first link. Figures must be in *jpg* format. The title of figures must be written in 1.0 interval and font 12 *pt*, explanatory subtitles must be written 1.0 interval and font 11*pt*. The title of the tables must be written 1,0 interval and font 11*pt*, inside of tables 12 pt, explanatory subtitles must be written 1.0 interval and font 11*pt*.

Figures and tables should be numbered by arabic numerals for their order in the text. The "List of references" in the articles must be listed in alphabetical order (an interval 1.0 and font 14 *pt*).

When referring to the literature used in the text, the sequence numbers on the list must be given in square brackets. Unpublished articles must not be used as a reference. Abstracts must be original and not published elsewhere before.

Thesis does not require a table, figure and a reference list.

Works selected by the Scientific Committee of the Congress from the presented materials will be published in the "**Azerbaijan Pharmaceutical and Pharmacotherapy Journal**" included in an international base of "Scopus".

Congress materials should be sent to [associationpharma.az@gmail.com](mailto:associationpharma.az@gmail.com) by e-mail.

**Deadline** for congress materials is **March 31, 2020**

Detailed information on the congress is presented on the official website - [\*\*www.mppbic.com\*\*](http://www.mppbic.com)

Contact person: [Garibli Aytakin](#).

Phones: +99470-834-11-43

**Invited speakers**

*Prof. Dr. K. Hüsnü Can Başer*

Near East University, Director Graduate School of Health Sciences,  
Department of Pharmacognosy, Lefkosia, Cyprus.

*PhD Gaëtan Herbette*

Aix-Marseille University, Laboratoire Spectropole, France.

*Prof. A. Ghasem Jouyban*

Member of Iranian Academy of Medical Sciences, Professor of  
Pharmaceutical Analysis, Tabriz University of Medical Sciences, Islamic Republic  
of Iran.

*Prof. Anake Kijjoa*

Head of Chemistry Department University of Porto, Portugal.

*Prof. Dr. Yusuf Öztürk*

Dekan of the Faculty of Pharmacy of Anadolu University, Republic of Turkey.

*Prof. Kovalyov Vladimir Nikolayevich*

Professor of the Department of Pharmacognosy of National University of Pharmacy, Ukraine.

*Prof. Sagdullayev Shamansur Shahsaidovich*

Director of S.Yu.Yunusov Institute of the Chemistry of Plant Substances, Academy of Sciences of the Republic of Uzbekistan.

*Prof. Pyatigorskaya Natalia Valerievna*

Head of the Department of Industrial Pharmacy, I.M. Sechenov First Moscow State Medical University (Sechenov University).

*Prof. Aliosha Bakuridze*

Director of Batumi Botanical Garden. Georgia.

*Prof. Konovalov Dmitry Alexeyevich*

Head of Department of pharmacognosy, botany and phytopreparation technology, Pyatigorsk Medical and Pharmaceutical Institute.

*Prof. Maloshtan Lyudmila Nikolaevna*

Head of biology and human anatomy of National University of Pharmacy,  
Ukraine.
